Jaipur  
5 January, 20 .....  
The General Manager  
Jaipur Transport Corporation,  
Jaipur

Respected sir,  
I want to draw your attention to the poor bus service to and from our locality. The buses seem not to follow any time-table. They generally run late. Sometimes some buses pass much before time. Irregularity is the rule.

The number of buses from our locality for major routes is also insufficient. The passengers have to wait for about 30 minutes if they miss a bus. Kindly increase the number of buses particularly in the morning and the evening. This will solve the problem of over-crowding too.

One great trouble is the road-worthiness of these buses. I think that the buses are very old. They quite often stop mid-way adding to our woes.

Kindly look into the matter personally and oblige.

Yours faithfully  
Tushar Mathur

The main objective of this step was to curb the black money, corruption and fake money menace. All those people who were not indulged in malpractices welcomed the move. Mahatma Gandhiji is my favourite leader. He is known as the Father of the nation. He brought us independence from British rule. His life story is very inspiring. To remember him is to get inspiration for leading an honest and truthful life. We feel that Gandhiji was in every way better than us. Yet suffered more than we do. When such a great man suffered so much, our small difficulties should not matter at all.

These days the use of poly-bags has become very common. Most people fail to realize how harmful they are for the environment! Unlike other waste materials, they are non-biodegradable. They lead to the choking of drains. They block the sewer system. They prevent the rainwater from seeping deep into the soil. As a result, the water level of the land falls down. Sometimes animals eat these bags. It leads to the choking of their breath and thus causes their death. Thus there is an urgent need to ban these poly-bags totally.
